SMART ELECTRONIC PAYMENT TERMINAL | TECHNO P10

TECHNO P10

The TECHNO P10 smart electronic payment terminal is one of the most smart electronic payment terminals developed by TOSAN TECHNO. This device provides high-speed and secure payment transactions. It uses powerful hardware and the Android operating system, enabling the development and utilisation of innovative services in electronic payments and providing a unique user experience for merchants and end-users.

The TECHNO P10 smart electronic payment terminal is a robust and secure device suitable for:

-  Various applications in retail stores,
-  Delivery services,
-  Chain stores,
-  Restaurants and cafes,
-  Public parking lots.
